

RC-S70

**Split climate unit
with condenser SKM70
and evaporator SVM70
f.e. for Bv206 trailers
with 19" racks, UPS- or
engine compartments**

Measures w*d*h in mm	SKM70 500*365*640, condenser, external unit SVM70 500*840*365, evaporator, internal unit
Power supply	24 V DC o. 240 V/400 V AC, 50Hz/60Hz
Environment air	-32°C - 55°C
Produced cold air	16-30° C
Refrigerant	R134a
Cooling capacity	1,0 kW - 7 kW
Principle	Direct evaporation
Heating	750 W - ca. 1,6 kW
Application range	Mobile, in Bv206 trailers and similar
Intended climate	desert, tropics, optionally maritime
Lacquered/coated	Per MIL-Standard, per customers specification or plain

Illustrations in similar configurations or as design concepts.
Vehicles and 19" racks not included
